

INDÉPENDANCE

France Small & Mid

REPORT JULY 2025 - 1/2

Indépendance AM France Small is a UCITS that primarily invests in stocks of small and medium-sized French companies with the aim of increasing the portfolio's capital value.

The fund applies the Quality Value methodology of Indépendance AM, which involves investing in companies that grow sustainably and profitably (Quality) and are undervalued (Value). This objective is associated with an extra-financial approach that includes considering environmental, social, and governance (ESG) criteria.

Main risks

Equity risk

The fund is invested at least 75% in equities; the fund's value can significantly decrease if equity markets fall. Equity markets have experienced wide fluctuations in the past and are likely to do so in the future.

Investing in equities, and therefore in the fund France Small & Mid, is inherently risky.

Capital loss risk

The fund has no guarantee or protection; the initially invested capital may not be returned.

Past performance does not predict future performance; they are not constant over time. The fund and indices are calculated with dividends reinvested. The fund's performance is calculated net of management fees. This fund is not capital guaranteed. This communication is of a commercial nature. Investing in UCITS involves risks: it is advisable, before any subscription, to consult the KID and the prospectus (the Regulatory Documentation) available in French on www.independance-am.com/ taking into account the characteristics and sustainability objectives. Investor rights are established by the Regulatory Documentation as well as by the complaints handling policy, which is available on www.independance-am.com. Independance Asset Management may, at its own initiative, decide to cease marketing the UCITS it manages in certain states.
